AGRIC

Advancing Agri-PV Readiness and Cooperation

The project fosters the understanding of Agri-PV practices and encourages their deployment in Poland, Bulgaria, Lithuania, Germany and Serbia.

Project duration
02/2026 – 06/2028

Total budget
€ 912.264,48

Partner regions: Germany, Bulgaria, Lithuania, Serbia, Poland

We aim to strengthen public understanding, increase acceptance, promote local dialogue, and enable more informed decisions on rural energy transition pathways.
